Engineering & Manufacturing Bootcamp

Apply now

The Manufacturing Essential Skills Bootcamp is an introductory course for individuals who are looking to improve or gain fundamental knowledge in the area of Manufacturing and the competencies needed to develop in the industry.

The course is designed to provide learners with a broad understanding of the profession, relevant for those individuals who have just started in a new role or those who are looking to change their career completely. The course is designed to be the first stepping stone to commencing a career in Manufacturing.

Dates:

Monday 6th January
Mondays, 5pm-8pm
Channelside campus

Are you eligible?

If you are an independent learner you must be aged 19+ and can be employed, self-employed or unemployed. No previous experience is required and you will learn at no cost to yourself.

Are you an employer?

Tackle any skills gaps within your business today by upskilling your existing workforce on our Skills Bootcamps. A course fee subsidy of 90% is available for small and medium sized businesses; large employers will receive a 70% fee subsidy.

Our Skills Bootcamps can be delivered flexibly and we urge individuals and employers to get in touch should they require a tailored offer.

How will you be assessed?

The course will be assessed through a portfolio of evidence and professional discussion.

For more information on fees please contact bootcamps@furness.ac.uk, 01229 825017.

Following completion of our Skills Bootcamps, we will support you to achieve the following outcomes

Development opportunities in your existing role

Progression opportunities to further qualifications

A guaranteed job interview

At Furness College you will find small supportive, challenging and engaging classes, with the flexibility and opportunity to balance study with work and family life.
