

WOMEN IN CONSTRUCTION

- **Are you fed up with your current job?**
- **Do you fancy a change?**
- **2025 – New Year, new opportunity!**

BTP are recruiting women only for a **Construction Skills Boot Camp**, which runs from Thursday 2nd to Friday 10th January 2024. It is free for those who are unemployed or looking for a career change.

It will focus on how to retrofit old houses, and the plan is for those who successfully complete it to get a job with a local construction company.

You will learn how to plaster with traditional materials and how to insulate floors, walls, and roofs professionally.

Case study: Jade (above) completed a Boot Camp in a different construction skill earlier this year and is now working for Cubby Construction. Listen to her story by following us on [Facebook](#), [BTP Cumbria](#).

For more information (no question is too daft), either phone the office on 01228-739019, email us on info@btp-cumbria.co.uk or pop along to our unit on Rome Street, beside Soccer World (office open Monday – Friday, 8am-4pm)
