Skills Fix is a NEBOSH Associate of Woodward Safety Health and Environmental Ltd

Over 200,000 people hold a NEBOSH National General Certificate in Occupational Health and Safety. Why? Because it's the gold standard in health and safety qualifications.

Thousands of leading experts and organisations have helped us update the most widely respected health and safety qualification of its kind in the world. This means that it's designed to reflect the needs of today's employer giving learners everything they need to *know and do* to make their workplace safer.

Who's it for?

Relevant to every workplace, the NEBOSH National General Certificate is ideal for managers, supervisors and anybody with health and safety management responsibilities. It's also perfect for those embarking on a health and safety career and gives you a stepping stone to success.

What will I know?

With in-depth focus on the things that matter the qualification covers:

- How to effectively manage health and safety
- How to identify and control common workplace hazards
- How to measure if you've been successful
- The UK's key legal requirements

What will I be able to do?

Risk assessment is central to the qualification. Through study and workplace application, successful learners will be able to:

- Confidently carry out risk assessments
- Develop and implement a detailed action plan
- Manage and minimise workplace risks
- Support and develop your company's health and safety culture

Transform your career: how will it help me?

Gain invaluable knowledge and skills from this globally respected qualification that supports your current role and your long-term career.

Transform your workplace: advantages for employers

According to the Health and Safety Executive, workplace injuries and ill-health cost UK businesses over £15 billion per year; ensure your employees go home safely at the end of every day. The qualification is trusted by prestigious organisations.

It can help to:

- Minimise workplace injuries and illness
- Boost employee wellbeing
- Show committed to health and safety which can win business
- Improve health and safety culture
- Build valuable in-house expertise

Recognition

Holders of the National General Certificate are entitled to:

- Associate Membership (AIOSH) of the Institution of Occupational Safety and Health (IOSH). It also meets the academic requirements for Technician Membership of IOSH (Tech IOSH)
- Associate Membership (AIIRSM) of the International Institute of Risk and Safety Management (IIRSM)

How is it assessed?

The two-step assessment process, which checks what you *know* and *can do*, consists of:

- An open book examination
- A practical risk assessment
